

A world map showing the continents of North America, South America, Europe, Africa, Asia, and Oceania. The map includes latitude and longitude lines. The text boxes are overlaid on the map.

Year 3 home learning this half term is based on different animals and plant life from around the world, and the different habitats they can be found in. It will include learning about muscles and bones in the body and how this creates movement. We will also be learning about levers in Design and Technology.

Topic Challenge:

Practise using grid references on a map. There are some top tips in this [video](#).

Mathematician Challenge:

Practise your times tables using TTRS, with a special focus on 3, 4 and 8 times tables.

D&T Challenge:

Make a mechanism using levers/pivots to create movement. Find more info [here](#).

Science Challenge:

Make your own moving hand to demonstrate how muscles and bones work together. Find more info [here](#).

Writer challenge:

Choose a character from your favourite book or movie. Can you write a short character description of them?

Practise your **spellings** weekly.

Read every night for a minimum of 10 minutes.

Practise times tables facts
