

Year 1 home learning this half term is about Sheffield through the years. Here are some challenges which you can complete over the next half term linked to the aspect of toys.

Phonics Challenge:

Can you go on a toy hunt and find as many toys that begin with the different letters in the alphabet?

Maths Challenge:

Can you count how many toys you have at home? Can you sort them into groups? E.g. can you sort your Lego into the different colours? Can you put your dolls into size order?

Counting Challenge:

Practise counting in 1's from 0-20 and backwards from 20-0. Can you count beyond 20?

Design Technology Challenge:

Can you design, create and make your very own toy? Have a look at the pictures below for some inspiration!

Cultural Capital Challenge:

Why don't you have a day out to the Sheffield Museum?
Send us some photographs so we can share them with the class!

Science Challenge:

Go on a walk into nature and look for seasonal changes happening in the world around you. Can you collect any conkers and pine cones?

Practise your key words and phonics.

Read a book everyday!

Practise counting, recognising and ordering numbers to 20.
